# OUTDOOR LIVING

The kitchen remains the focal point of casual entertaining, only today the kitchen has moved outdoors. The popularity of outdoor living has homeowners focused on the color, style and design of the whole entertaining space, rather than a traditional stone or stucco barbecue island where guests watch the host cook.

As these traditional backyard patios evolve into luxurious outdoor living spaces, Brown Jordan Outdoor Kitchens leads the way. With a full line of stainless steel cabinets, powder coated with a rich palette of colors, realistic wood grains or metallic hues, applied to a variety of exclusive door styles, every kitchen can be uniquely designed for a signature look.

# WHO WE ARE

Danver is the exclusive licensee for Brown Jordan Outdoor Kitchens. Danver has been manufacturing stainless steel cabinets for outdoor kitchens since the late 1990's. By showcasing color, style and design and inspiring entertainment, culinary creativity and leisure living, Danver established itself as leaders in transforming outdoor entertainment from a simple barbecue island to a fully functional outdoor entertainment space, in which the outdoor kitchen is central to the space.

As a testament to our industry leadership, when the premier outdoor furniture manufacturer, Brown Jordan expanded their presence in the outdoor living market with outdoor kitchens, they came to the experts at Danver. Today, Brown Jordan Outdoor Kitchens deliver uniquely distinctive outdoor kitchens that are both durable and beautiful. From new door styles to standard soft-close hinges, Brown Jordan Outdoor Kitchen cabinets continue to evolve in quality, engineering and style based on input we recieve from designers, builders, landscape architects and other disciplines that rely on us to provide unique signature outdoor living spaces to discerning homewoners.

# HOW IT'S MADE

Outdoor living is about more than just personal style and atmosphere; it's also about function and longevity. Brown Jordan Outdoor Kitchens stainless steel cabinets are especially designed and engineered for outdoor kitchens, transition rooms, rooftops and other spaces where durability is a concern. Brown Jordan Outdoor Kitchens is the perfect choice for beauty, style, color and durability, as well as the optimal investment in outdoor living projects.

Our cabinets feature:

- **Frameless, European styling**
- **All doors, drawers and cabinet boxes are manufactured from 100% 304-grade stainless steel**
- **From 9" to 48", the cabinets are available in 3" increments**
- **Fabrication, finishing, powder coating and assembly take place in our Connecticut facility**
- **Cabinets have a lifetime warranty**
- **All powder coat finishes carry a 7 year limited warranty**
- **Each cabinet is a standard 30" height with 4" leveling legs available, along with a 27" standard depth (24" depth available)**
- **Darwers feature double-wall construction and full extension undermount glides with self-close/soft-close technology**
- **Doors come standard with soft-close stainless steel hinges**
- **Cabinets fit any manufacturer's outdoor appliance; grills, smokers, side burners, sinks, bartending units and more**
- **Each project is built to order, ensuring the style, design and color are specific to your project**
- **Cabinets are delivered fully assembled and engineered for easy installation**

# WHAT MAKES US UNIQUE

Whether you are styling a space as an extension of a home or creating a unique look to differentiate the space, Brown Jordan Outdoor Kitchens has the products and design expertise to deliver the quality and durability you demand. We offer a variety of door styles with designer color options, affording you more creative control. Brown Jordan Outdoor Kitchen's powder coat finishes are the exclusive options available on all Brown Jordan furniture collections.

Brown Jordan Outdoor Kitchens offers 7 door style options; Hampton, Rio, Key West, Palm Beach, Bead Board, Louver and Sea Glass available in 12 exclusive Brown Jordan powder coat hues. Textured stainless inserts (see page 10) are available to Brown Jordan Outdoor Kitchens' Key West and Palm Beach door styles as well, and can be powder coated or retain their stainless look. Additionally, we proudly boast the beauty of our realistic wood grain powder coat finishes (see page 10), allowing for the look and feel of wood without the wear and maintenance. However you imagine your outdoor entertainment space, we can help it truly become and extension of the home.

*"Brown Jordan Outdoor Kitchens offer all the style and design details you would hope for on the interior of your home, only completely functional and appropriate for your outdoor space! As a California designer, we are constantly creating cooking, eating, living and lounging spaces outdoors to expand our clients' square footage—the products that Brown Jordan Outdoor Kitchens offers support those designs in the most thoughtful of ways through construction, aesthetic and customer service, too."*

*-Kerrie Kelly, ASID, IIDA, NKBA*

# DOOR STYLES

Brown Jordan Outdoor Kitchens brings function and style together through our exclusive door styles. The stainless steel cabinetry, doors and drawer fronts provide functional strength and durability, while the extensive color palettes, realistic wood grains, metallic hues and other decorative powder coat finishes bring style, color and design to what was once a drab space.

# POWDER COAT FINISHES

Our powder coated doors are painted prior to assembly, limiting the chance for rust over time, and providing a nearly maintenance free finish. Brown Jordan Outdoor Kitchens' powder coat paint palette is a 12-color exclusive line hand-picked for outdoor living space options. Brown Jordan Outdoor Kitchens offer wood grain powder coat finishes, enhancing the design quality of your outdoor living pace by providing the look and style of real wood with the wear and maintenance. Every Brown Jordan Outdoor Kitchen is manufactured and painted in the U.S., guaranteeing the quality, durability and longevity you expect.

Paper & ink limitations of color samples as well as influence from heat & light may account for differences in actual color.

# BEYOND THE CABINETS

Today, more people than ever are taking advantage of backyard outdoor living, bringing their culinary skills and entertainment needs along with them. The kitchen is a place where people gather in the home and now, it has moved outdoors as a fully developed, outfitted extension of the home, complete with durable, stylish cabinetry and the latest outdoor appliances. The upscale kitchen amenities you would find inside the home are now shifting to outdoor kitchens, transitional rooms and rooftop patios.

The in-house design experts at Brown Jordan Outdoor Kitchens know how to help customize the outdoor living space precisely as you want it, down to the countertops and drawer pulls. From pizza ovens and grills to refrigeration and bartending, there are countless options for customizing the outdoor kitchen, catering to cooking style and entertainment needs. Investing in the beauty and function of outdoor entertainment space provides exceptional value to the property and more enjoyment for family and friends without ever leaving the home.

# FASHION ACCESSORIES

Sometimes, all it takes is that certain something within your design to pull the entire look together. Our solid bronze cabinet drawer pulls do just that with contemporary/modern pulls or natural/earthy pulls. Five hand-polished finishes are available on five different pull options.

# BARBECUE HOODS

The ability to design an outdoor kitchen with the same flexibility as its indoor counterpart, presents the occasional challenge – such as ventilating smoke. To overcome the challenge, Brown Jordan Outdoor Kitchens offers grill hoods. These extra depth hoods are designed perfectly for lanais and the transitional "California" or "Florida" rooms with covered spaces, growing in popularity nationwide.

The 304-grade stainless steel hoods complement the rest of the kitchen, whether the cabinets are powder coated or traditional stainless steel. They are available in 36", 42", 48", 60" and 66" widths. With the optional muffler, the sound can be reduced enhancing the comforts of outdoor living.

Designed by Innovative Outdoor Kitchens | Photography: Chipper Hatter Photography

# COUNTERTOPS

The two elements that bring together a kitchen, indoors or outdoors, are the cabinets and the countertops. These elements need to hold up against time and climate, but also have the right look and feel to complement your landscape.  Brown Jordan Outdoor Kitchens can accommodate nearly any type of countertop you want in your space, but not every countertop is built for outdoor environments.

While granite, concrete and soapstone are familiar countertop materials, it's important to remember to use the correct material for outdoor applications; one that remains structurally sound and maintains its beauty over time. We recommend Dekton® by Cosentino for our kitchen countertops. Their ultra-compact surfaces are designed for exterior use. Dekton® surfaces offer UV resistance for color stability outdoors, exceptional strength and high resistance to impacts, scratches and abrasion for use in high-traffic areas and are non-porous requiring no maintenance. Their wide range of colors and finishes, coupled with the diverse cabinet colors and finishes available from Brown Jordan Outdoor Kitchens, provides an endless variety of styling options to fit your creative needs.

# COOKING

One of the great features of Brown Jordan Outdoor Kitchens is that our cabinetry is designed to fit any cooking appliance. Whether you have a favorite grill, smoker, side burner or even a pizza oven, rest assured your selection can be incorporated into your new outdoor kitchen with ease.

During our 15+ years of designing outdoor living spaces, we have experienced the development of all types of cooking appliances for the outdoors. That acquired knowledge enables our in-house design team to guide you to the best options based on cooking style and approach to outdoor entertaining.

Although we do not manufacture grills and other cooking appliances, we do distribute a number of quality brands at various price points for the convenience of our clients, making us the perfect one-stop shop. We can drop ship the cabinetry and appliances to the project site for ease of installation.

The brands we recommend and distribute include:

Alfresco | grills/power burners/side burners/pizza ovens | AlfrescoGrills.com
Coyote | grills/power burners/side burners/griddle | CoyoteOutdoor.com
Solaire | grills/side burners | SolaireGasGrills.com
Evo | grills | EvoAmerica.com
Saffire | smoker/grills | SaffireGrills.com
Tuscan Chef | pizza ovens | TuscanChefOvens.com

# COOLING / BARTENDING

The convenience of a refrigerator integrated into your outdoor kitchen is a must, regardless of climate. Models and brands perform at different levels of effectiveness, based on the surrounding environment. There are also a variety of styles and features available to suite your taste and needs, including two-drawer units, glass fronts and those that can match your Brown Jordan Outdoor Kitchens' cabinets. Our in-house experts can guide your decision on brand, features and style.

Bartending systems are among the most popular features in today's outdoor entertainment spaces. Whether you want to add a kegerator, a wine cooler or a complete bartending outfit, we can help complete the project with several options, including sinks and faucets.

The brands we recommend and distribute include:

Alfresco | refrigeration/beverage centers/sinks/pantries | AlfrescoGrills.com
Coyote | refreshment center/drop-in cooler | CoyoteOutdoor.com
Glastender | cocktail stations/beverage dispensers | Glastender.com
Hoshizaki | ice makers/freezers/refrigeration | HoshizakiAmerican.com
Solaire | bartending center/refrigeration | SolaireGasGrills.com
Summit | refrigeration/beverage dispensers/ice makers | SummitAppliance.com
True | refrigeration/beverage dispensers/wine cabinets | TrueMFG.com

# INSTALLATION

Your Brown Jordan Outdoor Kitchen cabinets arrives on site fully assembled and ready to install. If standalone, an entire kitchen can be installed on site within a single day; unlike the more traditional options requiring masons and laborers on site for weeks at a time.

Complete instructions and all the parts and pieces for assembly are shipped with each project. For additional installation instructions and more information visit, brownjordanoutdoorkitchens.com and subscribe to our YouTube channel.

Brown Jordan Outdoor Kitchens libraries are available for 2020, SketchUp, ARCAT, CADdetails and other design and CAD programs.  A complete selection is available from the website.
